

Think emergency  
preparedness is not  
part of your job?  
Think again!!!

# HEROES

Health Education Reaching Others  
and Ensuring Surge  
Capacity during Public Health  
Emergencies

August 2008

## This new on-line training is for ALL health educators!

Learn more about:

- Public health emergencies
- Why health education is important in the response
- How you can help NJ meet *any* health education challenge

Visit the NJ Learning Management Network at <https://njlmn.rutgers.edu/> and click on “Library.”
