Sponsored by:
MONMOUTH COUNTY TRANSPORTATION COUNCIL

THE SEVENTH ANNUAL MONMOUTH COUNTY TRANSPORTATION SUMMIT

Welcome aboard! Tonight, we bring you the SEVENTH ANNUAL TRANSPORTATION SUMMIT focusing on how to improve the non-motorized transportation network in our great county. An array of state and county officials, transportation planning experts and local community leaders will be here to share their first-hand knowledge and experience that can help your community develop an environmentally-friendly non-motorized transportation network.

Whether you are an elected representative, a municipal official, or an interested citizen, you'll want to be part of this exciting evening event, where speakers will present:

- Innovative planning strategies for integrating non-motorized transportation into existing communities
- Local improvement initiatives and projects now taking place across Monmouth County
- Information about state and county planning programs, resources and technical support for implementing non-motorized transportation initiatives.

The Monmouth County Transportation Council, the county's official advisory group on transportation, was formed in 1973 to identify and address transportation needs, issues and concerns affecting Monmouth County. Composed of 15 members appointed by the Monmouth County Board of Chosen Freeholders, our members include average citizens who are dedicated to making Monmouth County's roads, trains, buses, ferries, and trails the very best possible.

Join us for an enjoyable evening of stimulating conversation, informative presentations, and an opportunity for you to ask questions of top transportation experts. Refreshments will be served. We look forward to seeing you there.

Sincerely,

Fred Brody
MCTC Chairman

AGENDA
