RE:           Block -                           Lot -           -- Acres (Approx.)  
                  \_\_\_\_\_ Township  
                  Monmouth County

Dear Chairman of the MCADB:

I have made an application to sell my development easement on the above property as approved by the State Agriculture Development Committee (SADC), to Monmouth County for farmland preservation purposes.

I have been informed that the SADC has certified a fair market value of the development easement of \$-- per acre. This value is based upon appraisals conducted by two independent fee appraisers and reviewed by the SADC's review appraiser.

I agree to enter into a contract of sale for the development easement with Monmouth County where I will receive \$-- per acre as the consideration from the governmental funds.
