REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE
TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH OMB CIRCULAR A-133 AND STATE OMB
CIRCULAR 04-04

Honorable Director and Members of the Board of Chosen Freeholders County of Monmouth Freehold, New Jersey

Compliance

We have audited the compliance of the County of Monmouth, New Jersey ("County") with the types of compliance requirements described in the U.S. Office of Management and Budget ("OMB") Circular A-133 Compliance Supplement and the New Jersey Compliance Manual State Grants Compliance Supplement that are applicable to each of its major federal and state programs for the year ended December 31, 2005. The County's major federal and state programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; OMB Circular A-133, Audits of States, Local Governments, and Nonprofit Organizations; and New Jersey OMB Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, OMB Circular A-133 and state OMB Circular 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

Honorable Director and Members of the Board of Chosen Freeholders County of Monmouth Freehold, New Jersey Page 2

In our opinion, the County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and state programs for the year ended December 31, 2005. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements, which is required to be reported in accordance with OMB Circular A-133 and state OMB Circular 04-04 which is described in the accompanying Schedule of Findings and Questioned Costs as item # 2005-1.

Internal Control over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and state OMB Circular 04-04.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal and state program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedules of Expenditures of Federal Financial Awards and State Financial Assistance

Another auditor has audited the financial statements of the County as of and for the year ended December 31, 2005, and have issued their report thereon dated June 20, 2006 in which they expressed an adverse opinion in accordance with generally accepted accounting principles because of the regulatory basis of accounting, and an unqualified opinion in conformity with the basis of accounting described in Note 1. The County prepares its financial statements in conformity with the accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Honorable Director and Members of the Board of Chosen Freeholders County of Monmouth Freehold, New Jersey Page 3

Their audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance are presented for purposes of additional analysis as required by OMB Circular A-133 and state OMB Circular 04-04, and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1.

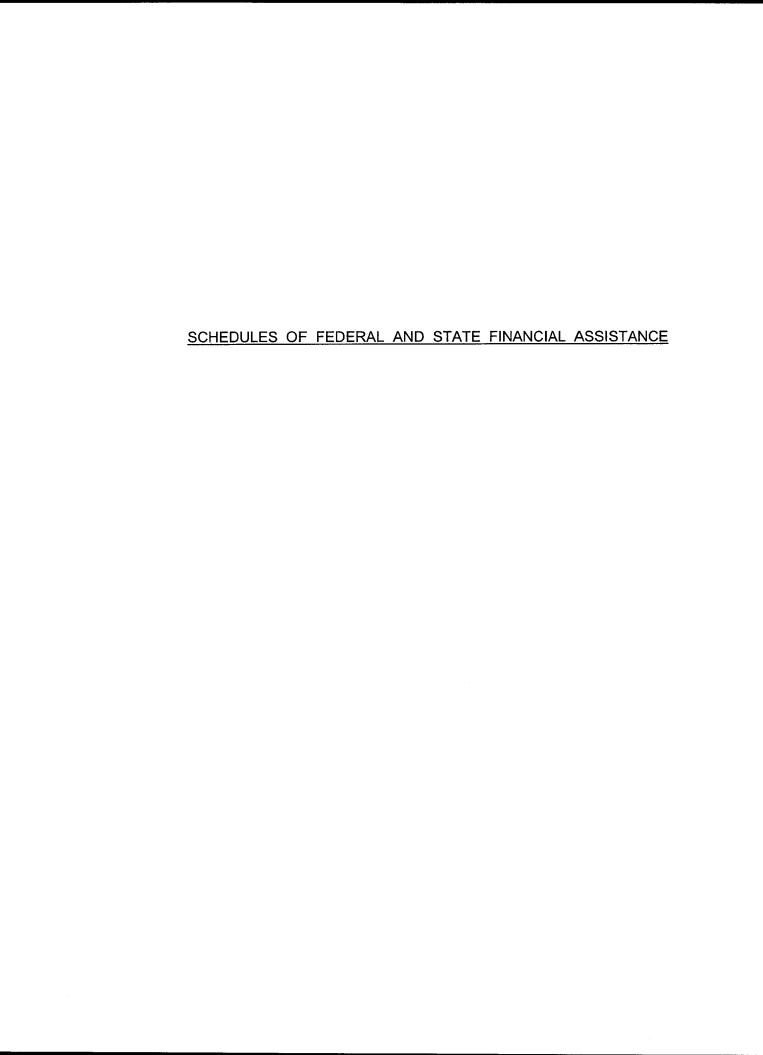

This report is intended for the information of the administration and Board of Chosen Freeholders of the County, and federal and state awarding agencies, and for filing with the Division of Local Government Services, Department of Community Affairs, State of New Jersey. However, this report is a matter of public record and its distribution is not limited.

YEAR ENDED DECEMBER 31, 2005

NOTE 1. ORGANIZATION AND BASIS OF PRESENTATION

The County of Monmouth, New Jersey in the United States of America is the prime sponsor and recipient of various federal and state grant funds. The County has delegated the administration of grant programs and the reporting function to various departments within the County. All grant and program cash funds are accounted for separately within the County's financial records. Except for grants administered by the following:

County College
County Mosquito Commission
County Vocational School
County Improvement Authority

the Finance Office performs accounting functions for all grants.

Basis of Accounting

The County's grants are presented on the modified accrual basis of accounting utilizing the following method:

<u>Current Fund Grants</u> - In accordance with a directive from the Division of Local Government Services, Department of Community Affairs, State of New Jersey, all grant revenues and expenditures are fully realized within the current fund budget and corresponding receivables and spending reserves are established in the grant fund where the accounting for the grant activity takes place.

Local Contributions

Local matching contributions, when required, are raised in the current fund budget and transferred to the grant fund. The percentage of matching contributions varies with each program.

Revenues

Revenues, as reported on the accompanying Schedules of Federal and State Financial Assistance, reflect cash receipts, cancelled encumbrances and cancelled balances. Differences between budget and actual cash receipts are cancelled to fund balance when the grant is closed out.

NOTES TO SCHEDULES OF FEDERAL AND STATE
