NJ Department of Labor and Workforce Development Monmouth County Youth Corps operated by Interfaith Neighbors

(732) 775-1035 ext. 215

Youth Corp serves high school dropouts who are 16 to 25 years of age and provides education development in basic skills and preparation to obtain a GED, community service projects, employability and life skills instruction and personal and career counseling. Youth Corp sites in New Jersey strive to teach the participants good work habits to help youth enter the workforce. There is a counselor on site and a transition coach to help connect youth to various career paths. There is a two week orientation to the program and that approximately 15 to 20 youth go through the orientation at the same time. The average length of stay in the program is 4 to 6 months; however it can be longer. There is 150 hours of academic and community service completed. There is a 120 day follow up to the program. Corp members receive a stipend while enrolled in Youth Corps.

**Monmouth County Human Services Department
Division of Juvenile Detention Alternatives**

(732) 866-3688

[Monmouth County Division of Juvenile Detention Alternatives](#) operates a Home Detention/Electronic Monitoring Program that serves juveniles referred by the Monmouth Vicinage, Family Division Judiciary. The County of Monmouth funds the Home Detention Program. The Division of Juvenile Detention Alternatives oversees all youth placed in the continuum of detention alternatives (as listed below). They ensure that the youth appears in court, as well as address program non compliance. The Division of Juvenile Detention Alternatives is the primary contact for the program directors to notify in the event of non-compliance and/or problems with the youth.

[House Arrest](#) is a detention alternative utilized at the Judge's discretion. It allows a juvenile to be released from the detention center to a parent or guardian under specific restrictions. It also offers an option to the Judge when a juvenile appears before him on a serious charge, who is not retained, to allow the juvenile to remain at home without posing a threat to the community. The juvenile is not allowed to leave the home without a parent or guardian except to attend school or work. The local Police Department is notified of the juvenile's specific House Arrest conditions. The juvenile and his/her family are informed any violation of the House Arrest conditions will result in the juvenile's arrest and possible return to the Youth Detention Center.

➤ [House Arrest A:](#)

Supervision is primarily the responsibility of the youth's parent/caregiver. Youth may leave the house to go to school, work, and all other approved activities with the company of a parent/caregiver. Detention Alternative staff shall conduct bi-weekly face to face contacts and weekly phone contacts. There is not a program capacity in terms of the number of youth served. The expected average LOS on House Arrest A is 45-60 days.

➤ [House Arrest B:](#)

House Arrest A plus daily random phone contacts and weekly face to face contacts conducted by Detention Alternative staff. Additional phone and face to face contacts may be ordered by the court. Up to 4 random calls per day -If youth is compliant, phone calls may be reduced over time. The total number of youth to be served at a given time is 10. The expected average LOS on House Arrest B is 45 – 60 days.

Home Detention Program (HDP) is a detention alternative program utilized at the Judge's discretion. It affords the juvenile to be released from the detention center, under the supervision of the Home Detention Program Officer, to return home on an electronic monitor. The juvenile is monitored 24 hours a day through an electronic monitoring bracelet. The juvenile is given "windows" of time which are pre-documented as specific timeframes he/she will be out of the home to attend school, organized sports, church etc.. The juvenile must be in their home at all other times. Special requests may be made to the HDP Officer for additional windows for family related functions. These additional timeframes are at the discretion of the HDP Officer. The juvenile's behavior, attitude and level of supervision while exercising the "window" will all be deciding factors. A violation of the Home Detention Program could result in the immediate return of the juvenile to the detention center based on the severity of the violation.

Electronic Monitoring (EM) Expansion –GPS/Wireless EM

The goal of the Electronic Monitoring (EM) Expansion program is to provide electronic supervision that allows juveniles to remain in the community as opposed to being incarcerated in the youth detention center. Members of the Division of Juvenile Detention Alternatives rotate after hours on call to provide 24 hour a day 7 day per week coverage to respond to municipal police departments to install GPS/Wireless ankle units for juveniles deemed eligible by the court in lieu of secure detention. The Family Court Intake Officer utilizes the Risk Screening Tool to determine eligibility. Initially the youth is placed on a GPS unit and is required to attend a court hearing on the next business day, which at that time will have a wireless cellular ankle unit installed for electronic monitoring for approximately 3-5 days pending screening for placement on the traditional landline Home Detention EM program.

Community Outreach

The goal of community outreach is to increase the juvenile's rate of success on the detention alternative programs. Community outreach addresses the challenges and barriers that hinder a youth's ability to be compliant while on an alternative often resulting in a negative program discharge. Community outreach includes initiating face-to-face contacts and phone contacts, connecting families to community resources, troubleshooting any issues that arise with a youth and/or family while on a detention alternative, and regularly communicating with existing detention alternative and Family Court staff.

Inter-Agency Coordination Committee (IACC)

IACC is a multi-disciplinary team consisting of mental health professionals, educators, substance abuse professionals, Family Court personnel, Office of the Public Defender, Office of the Prosecutor, JJC Court Liaison, JJC Parole representative, Division of Child Protection and Permanency, Division of Juvenile Detention Alternatives representatives and community agency staff established for the purpose of ensuring that the Court receive multi-coordinated input in the course of developing dispositional options for juvenile offenders. IACC reviews all

youth placed in the Youth Detention Center, who are at risk of placement, and juveniles on detention alternative status.

Youth Shelter Services

The Monmouth County Board of Chosen Freeholders through a shared services agreement with Middlesex County funds and operates youth shelter services for Monmouth County youth. The Department of Human Services, Division of Juvenile Detention Alternatives is the agency responsible for administering and monitoring shelter services provided for Monmouth County youth including but not limited to admission requirements, transportation and case management. Admissions for shelter care are approved by the Family Court Judge and through Family Court Intake. There are 2 male beds and 1 female bed reserved for Monmouth County youth. The purpose of the Middlesex shelter is to provide a safe and caring residential setting for male and female adolescents, thirteen to seventeen years of age. Youth with delinquency charges and/or youth in crisis can be placed in the shelter only upon direct authority of the Family Court.

The Middlesex County Youth Shelter is a non-secure facility used for the temporary out of home placement of juveniles by the Family Court, the Family Crisis Intervention Unit or the New Jersey Division of Child Protection and Permanency. Its residents include minor delinquent offenders, juveniles placed as a result of dysfunctional home environments, juveniles placed due to a family crisis, and juveniles placed due to victimization from abuse or neglect.

The Middlesex County Youth Shelter has been serving troubled adolescents and their families from Middlesex County for 25 years. Originally operated as a JINS shelter in New Brunswick, the facility moved to its present location on Route 130 in North Brunswick in 1985. It was expanded to a 24-bed Juvenile/Family Crisis Shelter at that time. The Shelter is operated by the Middlesex County Board of Freeholders and is administered by the Middlesex County Department of Youth Services. The Shelter is a direct supervision, non-secure facility that houses male and female youths through referrals from the Family Court, the Family Crisis Intervention Unit (FCIU) and the New Jersey Division of Child Protection and Permanency. The role of the Shelter is to provide a safe, structured environment that allows the child to prepare for and accept placement plans including family reunification, group home placement, residential and foster care placement or substance abuse treatment. The Middlesex County Youth Shelter telephone number is 732-297-8991 ext. 6260.

Phone: (732) 431-7160, Email: prosecutor@prosecutor.co.monmouth.nj.us

The Monmouth County Prosecutor is the chief law enforcement officer in Monmouth County. Aided by a staff of assistant prosecutors, detectives and support personnel, the Prosecutor is charged with the detection, investigation, arrest, indictment and conviction of criminals who commit crimes within the jurisdiction of the County. To accomplish these tasks, the Prosecutor's Office is organized into several sections, including units that specialize in juvenile and domestic violence crimes, sex and child abuse crimes, gang facilitated crimes and narcotics crimes, among others. The Prosecutor's Office also has a Victim Witness Unit that is charged with providing services and assistance to crime victims and witnesses in an effort to ensure that their rights are protected, they receive timely and accurate information about their cases and are referred for appropriate and needed support services.

Monmouth County Child Advocacy Center

500 Kozloski Road, Freehold, New Jersey 07728

Phone: (732) 431-7160

Child Advocacy Centers are county-based centers that offer a multidisciplinary approach in providing comprehensive, culturally competent child abuse prevention, intervention and treatment services to children who are victims of child abuse or neglect. The Monmouth County Child Advocacy Center is a child-friendly facility where the professionals who respond to reports of child abuse coordinate their investigations and provide follow-up services. The Monmouth County Child Advocacy Center was funded through a public/private partnership combining federal, state and local government funds and private fundraising by The Friends of the Monmouth County Child Advocacy Center, Inc. The Center opened in 2009 and provides a location where the appropriate professionals from law enforcement, Division of Child Protection and Permanency, victim/witness advocates and others meet with the child and family and provide a safe, secure and comforting setting from the initial investigative phases of child abuse cases. The facility has expanded to provide space for medical and mental health treatment, and seeks to improve the coordination of the professionals who respond to reports of child abuse.

MONMOUTH VICINAGE

Family Division (732) 677- 4050 Juvenile Probation Supervision (732) 677- 4790

Juvenile Conference Committee(s)

Contact: Scott Prato, Senior Probation Officer Phone (732) 677-4090
 Dana Bouldin, Probation Officer Phone (732) 677-4096

Juvenile Conference Committees consists of volunteer members from the community, trained by court staff and appointed by the Presiding Judge of the Family Division to informally hear juvenile complaints referred by the Court. The Juvenile Conference Committees generally hear cases involving first time juvenile offenders. The Committee hears Petty Disorderly and Disorderly Person offenses, as well as, some 4th degree offenses. There is no adjudication or plea of guilt and there is no formal Court record that is generated. The juvenile must appear with a parent or guardian (if under the age of 18). The victim/ complainant and the police officer involved are invited to attend. The Committee makes a recommendation to the Court as to what sanctions would be appropriate based on the nature of the complaint. If the juvenile and parent/guardian agree, then they will sign an agreement and comply with any conditions within a specific time frame which is set by the Committee, but not to exceed 90 days. If there is an objection, then the case can be referred to the Juvenile Referee to be addressed.

Intake Service Conference is a form of Court diversion dealing with petty disorderly and disorderly persons offenses. Third (3rd) degree offenses, as well as some fourth (4th) degree offenses, can be addressed at this level with the approval of the Judge and the Prosecutor. The juvenile does not receive an adjudication or formal Court record at this level. This form of diversion is a step beyond the Juvenile Conference Committee and a level below the Juvenile Referee. A Probation Officer conducts the conference. A parent or guardian must appear with the juvenile and the complainant is invited to attend. An Intake Service Agreement is written up stipulating certain conditions the juvenile must satisfy. The case is held open for a period of thirty, sixty or ninety days. The time frame is at the discretion of the Probation Officer. The case is closed at the Probation Officer's request if all conditions are met within the set time frame. In cases of non-compliance, the case is placed on the Juvenile Referee's calendar.

Juvenile Referee Program allows an individual, other than a Superior Court Judge, to hear cases that would normally be scheduled for a counsel non-mandatory hearing before a Family Division Judge. In Monmouth County, the Presiding Judge of the Municipal Courts hears these cases. Typical cases may include: fourth degree offenses, disorderly and petty disorderly offenses, as well as unsuccessful JCC/ISC diversions. The Referee may also hear repeat offenders that are no longer appropriate for diversion and violations of a court

order which originated from a diversion or a prior Informal Court Proceeding. The Juvenile Referee will set certain conditions for the juvenile to meet and may include an informal or formal supervision period. The Juvenile along with their parent or guardian may appeal the Judge's recommendation and would then be scheduled to appear before a Superior Court Judge. It would be explained to the juvenile and their parent/guardian that they would be giving up their right to a diversionary process and if the juvenile is found guilty, may result in a formal court record.

The Youth Education Shoplifting Program (Y.E.S.) is a 6 hour on-line course run by the NASP (National Association for Shoplifting Prevention) and is currently being utilized by 13 vicinages in New Jersey. The course is an "offense-specific" education program which helps juveniles identify their feelings, thoughts and attitudes which lead them to shoplift and helps them make better choices for themselves and their future. This interactive program was designed as a means of early intervention for juveniles to help prevent future appearances in the juvenile justice system. Moreover, it has been shown to be 98% effective in preventing juveniles from committing a second shoplifting offense. The program is a disposition used primarily by the diversion programs.

Program: [FIRE FLY](#)
Contact: Cindy Biddle and Irene Tuyahov, Secretaries
Phone: (732) 683-8856 Fax: (732) 683-8864

The Fire Fly program provides education and counseling to juvenile fire setters. Juveniles referred by the County Investigator, JCC, ISC, Juvenile Referee, concerned parents or local police or fire department are interviewed by County Fire Marshals. The Program Coordinator and Staff Psychotherapist, who develop a course of action ranging from fire safety education to mental health counseling by professionals, provide an intake report for the Judge or diversion program which requested their intervention. It will include any concerns they may have for the juvenile's or the community's safety and their recommendation as to what provisions need to be put into place to avoid reoccurrences of this nature.

Program: [PARENT EDUCATION PROGRAM](#)
Contact: Joanne McLaughlin, Admin. Specialist 4 (732) 677-4321
Sharon Astorino, Admin. Specialist 4 (732) 677-4295

Under the 1999 Parent Education Act, all parties in any divorce, nullity, or separate maintenance action, who have minor children, are required to attend a parent education session. The goal is to promote cooperation between the parties and to assist parents in resolving issues which may arise during the divorce or separation process. Its main focus is to assist divorcing/separating

parents in the reorganization of their family by helping them to understand the legal process, the financial needs of the family, and the emotional needs of their children and provide them with the resource tools for future use in a co-parenting relationship.

Agency: Monmouth Vicinage Family Court

Program: **"PARTNERS IN PARENTING"**

Contact: Sharon Astorino, Admin. Specialist 4 (732) 677-4295

The Monmouth Vicinage has established a Parent Education Program for parents involved in non-dissolution (FD) matters. The program will be similar to the FM Parent Education Program in that it will target parents who have new custody/parenting time matters before the Court. The Program will be administered by an Administrative Specialist, who will provide information to parents regarding the court process, the effects of separation on children, and the importance of co-parenting and effective parenting time plans. It is anticipated that by providing information to parents, similar to what is provided to FM clients, we will promote a climate of cooperation therefore improving the rate of consent orders and thus reducing the number of court referrals.

Juvenile Intense Supervision Program (JISP) JISP is a dispositional alternative utilized by the Judge when it is felt the juvenile requires more supervision than traditional Probation supervision offers. An Officer who is responsible for setting conditions and ensuring compliance monitors the juvenile. A juvenile on JISP can expect more frequent home and school visits than traditional probationers. If applicable, drug screening will also occur on a more frequent basis. Violation of any of the conditions set forth by the JISP Officer or program regulations will result in a violation being filed and violation hearing. The juvenile may be returned to the Detention Center and subsequently terminated from the program based on the severity of the violation.

Juvenile Supervision

Juvenile Supervision handles two types of Dockets: Deferred Disposition and Juvenile Probation Terms.

1. **Deferred Dispositions** are cases that are in Court and the disposition is deferred for up to 12 months. These cases are monitored for compliance only. Deferred Dispositions could have financial obligations, community service, drug testing, and counseling that need to be monitored. Deferred Dispositions that do not have any of the above conditions remain with the Family Division. Monitoring of the cases by Probation does not include reporting by the juvenile. If the conditions imposed by the Judge are not adhered to it may result in the matter being returned to court. Deferred Terms that have met all the conditions imposed on the court order may result in the matter being dismissed at the end of the term.

2. **Juvenile Probation** is cases that the Judge has placed on probation status. These cases are supervised by the Probation Division's Juvenile Supervision Unit. The case is first assigned to the Intake Unit which verifies the juvenile's address, school enrollment, and personal information; completes the Conditions of Probation and other necessary paperwork. Once the Intake Term (30 to 45 days) is completed, the case is then assigned to a Probation Officer who will remain with the case throughout the Probation Term. If the Juvenile is non-compliant with any of the Conditions of Probation, it may result in the matter being returned to Court for a Violation of Probation. During the Probation term a Home Inspection is required. This encompasses the viewing of the juvenile's sleeping area and common areas of the home. Home Visits are conducted periodically. Face-to-face contacts are required. The Probation Officer enforces the Court Order and may impose additional conditions based upon the individual needs of the juvenile.

Juvenile Parent Orientation Program

This is a program that the Monmouth County Juvenile Probation Division provides to juveniles and their parents who were recently placed on Probation. The program informs the juveniles and their parents what the probation expectations will be for the probation term. The juveniles and their parents are provided with Probation, Agency and Program contact information for Monmouth County. The program is offered once a month at the Freehold Office and once a month at the Ocean Township Office.

**New Jersey Department of Children and Families
Division of Children's System of Care**

DCF's Children's System of Care (CSOC), formerly the Division of Child Behavioral Health Services, serves children and adolescents with emotional and behavioral health care challenges and their families; children with developmental and intellectual disabilities and their families; and, children with substance use challenges and their families. CSOC is committed to providing services based on the needs of the child and family in a family-centered, community-based environment.

Contracted Systems Administrator 1-877-652-7624

DCF provides families with a virtual single point of contact that registers; tracks and coordinates care for children who are screened at any level into the Children's System of Care. To provide this simplified access, DCF contracts with PerformCare, a private entity that administers this service system.

Functions of PerformCare:

1. Provides 24 hour assistance to help families get services.
2. Establishes access to same quality of services across the state.
3. Facilitates single way to pay providers regardless of whether a child is Medicaid eligible or not.
4. Tracks eligibility to ensure more children gain access to public health insurance.
5. Tracks eligibility to ensure New Jersey maximizes federal dollars.
6. Connects care across providers and levels for all children rather than just for children with the most severe disturbances.
7. Provides a systematic way to ensure children and their families receive appropriate treatment for an appropriate length of time while remaining as close to home as possible.
8. Keeps all child and family information in one record for all Children's System of Care.
9. Identifies the different intensity of services given by providers and assists DCF to adjust rates to reflect these differences.
10. Reports on effectiveness of services and child and family satisfaction, complaints and grievances.
11. Reviews children placed in psychiatric hospitals to assure appropriate discharge planning and after care services are in place so that children are linked to a community network of care.
12. Tracks and reports on a system of outcome measurements so that the state can determine and measure the improvements made by the Division of Children's System of Care.

Care management organizations (CMO's) are agencies that provide a full range of treatment and support services to children with the most complex needs. They work with child-family teams to develop individualized service plans. The CMO's goals are to keep children in their homes, their schools and their communities.

The agency provides care management services for children and families with behavioral and emotional needs, in order to reduce further disruption in their lives, by keeping the youth at home, in school and out of trouble. They utilize a Child and Family Team model to help the family develop an ISP (Individual Service Plan) for each child which addresses all of the family's life domains. The Care Managers coordinate services, explore community resources, support and advocate for the family until they can manage their own plan and have substantially met their goals. There are flexible funds to support strategies where no other source exists. Specific services are available to the Family Court to aid in planning for their youth. Youth with additional needs in substance abuse, or intellectual/developmental disability are also served. There is no limit on the number of families served. There are 40 Care Managers who are supported by administrative and supervisory staff. There are community resource development staff, who among other things, administer the MonmouthResourceNet data base of community resources. (www.monmouthresourcenet.org)

The yearly budget for MonmouthCares, Inc. is a combined total of \$4,432,334, which includes Medicaid and State Department of Children and Families contract dollars. Referrals to MonmouthCares are arranged through PerformCare, the Contracted Systems Administrator (1-877-652-7624) for the Division of Children's System of Care (DCSOC).

Contact Marissa Silva
(732) 591-1750

CPC's **Therapeutic Community Homes** (TCH) program has provided therapeutic support, training and respite services to our families enabling them to make foster care a long-term endeavor. This unique support has allowed TCH families to work with the child's emotional disability, learning disability, or neurological impairment and give the child what he or she needs most -- a nurturing, loving environment. CPC's therapeutic foster care program helps children ranging from infancy through adolescence who would benefit by living with a family in the community. To guarantee that the child is placed in the best environment possible for his/her emotional growth, CPC recruits and trains foster parents, and provides crisis back-up services and respite time. CPC Behavioral Healthcare supports foster parents with:

- Training and 24-hour support/supervision by professional staff
- A clinician provides individual/family in-home counseling on a weekly basis
- A monthly tax-free stipend of \$1,500 per child
- Periodic clothing allowances
- Five hours of respite care weekly
- Seven paid vacation days per year

CPC Behavioral Healthcare's [Residential Treatment Center](#) serves boys aged 11-14 who are referred by the Division of Child Protection and Permanency (DCP&P) with a diagnostic mix that includes: mild DDD (IQ of 65+) and primarily behavioral, emotional and psychiatric disorders. Strengthening Families New Jersey (SFNJ)

Strengthening Families (SF) is an evidence-based approach that provides training and guidance to childcare providers, and in turn, engages and supports parents/families in infant/child care centers and family child care settings. Child Care Resource and Referral agencies in each county integrate SF principles in their work with local early care and education partners. SF training encompasses key strategies and practices that embrace five research-informed Protective Factors shown to prevent child abuse and neglect by building family strengths and nurturing parent-child relationships.

Adolescent Resources

Life Skills Training

Life Skills Training offers instruction in daily living domains such as budgeting and financial management, communication, decision making, self-care, and housing. Assistance in obtaining a high school diploma, career exploration, vocational training, job placement, and job retention are also included. Case workers can refer adolescents, who are at least 14 years of age and in a DCP&P paid placement, for Life Skills training. If adolescents are in a DCP&P sponsored living arrangement or a congregate care setting, they may be receiving this training as part of their ongoing programming; if they are, then they need not be referred to the stand alone Life Skills training programs. There are only a limited number of Life Skills training slots contracted for in each county. **Middlesex/Monmouth Counties** Multicultural Community Services (732) 650-0330

Aftercare

The Aftercare agencies provide intensive case management and support services to young adults between the ages of 18 and 22. The Aftercare agency

will begin working with the young adult prior to DCP&P closing the youth's case, and can continue to work with him or her after the case is closed with DCP&P. Aftercare provides the young adult with assistance in obtaining employment, housing and post-secondary education. These programs can also access flexible funds (wrap around funds) to enable the young adult to obtain the supports, which will assist them in transitioning from the child welfare system to self-sufficiency and stability. It is recommended that adolescents complete life skills training before being referred for this service. A young adult who has left Aftercare and is not yet 21 can return to the Aftercare agency for an additional short-term case management services, information, referral and wrap around funds.

Wraparound Funds

Wraparound Funds (also known as Chafee Funds) are flexible funding available for those adolescents in an independent living skills, aftercare, or transitional living program. The funds can be used to pay security deposits, up to four months' rent, purchase linens, furniture, driving lessons, or other items or services that will help the adolescent obtain independence. Eligible adolescents are as follows: • Age 16 to their 22nd birthday who are in an independent living skills or transitional living program • Age 18 to their 21st birthday who are in an aftercare program • Age 18 to their 21st birthday, who are no longer an open DCP&P case or in an aftercare program, but were in a DCP&P placement on their 18th birthday Only independent living skills, aftercare, and supported housing programs can make requests for the Wraparound Funds. A young person must work with one of these programs in order to access these funds. Should you have any further questions about Chafee funding, please contact the wraparound administrating agency for your county. **HUNTERDON· MERCER· MONMOUTH·OCEAN· SOMERSET** Catholic Charities "RAPS" (908) 782-7905

Housing Programs

DCF funds a number of supervised and supported transitional housing programs targeted to address the complex needs of homeless youth and youth transitioning out of the DCF system of care. These programs provide safe and stable housing with the ultimate goal of assisting youth to achieve self-sufficiency and a successful transition to adulthood. Youth are typically between the ages of 16 to 21 and often require life skills services, case management, and assistance with achieving educational and employment goals. DCF assists with the funding of approximately 300 supportive housing bed slots statewide. The Office of Adolescent Services (OAS) has partnered with PerformCare to provide a real-time bed tracking and referral process for all non-clinical adolescent transitional housing programs. The Adolescent Housing Hub ("The Hub") is an online reservation system that has been created for all Adolescent Transitional Housing Programs (non-CSOC). These housing programs include Supervised Transitional Living Programs (STLP), Transitional Living Programs (TLP), and Permanent

Supportive Housing Programs (PSH). Sometimes these housing programs are also known as “Adolescent Housing Programs”, “Independent Living Programs”, or simply “Housing Programs”. With the deployment of “The Hub” all adolescent housing/transitional programs will now be accessible to all DCF (DCP&P and CSOC) involved youth and youth that are homeless and non-DCF involved. Youth with developmental disabilities are not eligible for these transitional housing programs. A DCP&P worker, CSOC care manager, the youth, a DCF contracted housing provider or a youth advocate can call PerformCare at 1-877-652-7624 and press “4” to access “The Hub”.

Youth Advisory Boards

DCP&P has county-based Youth Advisory Boards (YABs) throughout the state. Contracts were awarded to non-profit community agencies to host and coordinate each YAB. Through the YABs, teens and young adults have an opportunity to provide input and feedback on adolescent programming and policy to DCF management and staff. They are youth driven forums that strive to empower youth in foster care and homeless youth to successfully transition into adulthood upon leaving the DCF system of care. Youth develop and enhance their advocacy and leadership skills through public speaking, community service, training, interaction with positive role models, and having a voice in the policy, practice, and programming for DCF involved adolescents. Any adolescent in placement is eligible to become a member of their local Youth Advisory Board. DCF staff and other advocates are encouraged to assist a youth they are working with to join and/or be aware of the activities of their local YAB.

Youth Partnerships

The Children’s System of Care (CSOC) supports similar advocacy and peer leadership groups for young people who identify as having mental health challenges and/or receive services through CSOC. They are sponsored by their local Family Support Organizations in each county/region. The FSO contact information can be found at: <http://www.state.nj.us/dcf/behavioral/help/family.html>

Outreach To At-Risk Youth (OTARY)

The OTARY program is designed to prevent crime/juvenile delinquency and deter gang involvement by providing enhanced recreation, vocational, educational, outreach and/or supportive services to youth ages 13 to 18, with the option to serve youth until age 21. The programs are located in communities with demonstrated high crime and gang violence. These programs have a proven track record of making a difference in the lives of youth, including “at-risk” youth. The programs are open to youth regardless of their involvement with DCF.

Transitional Education Center

Transitional Education Center program is an alternative, year round educational program designed to meet the need of an array of “at risk” students. The mission of TEC program is to provide a comprehensive educational program which provides the at risk adolescent with the skills needed to create a positive life for themselves in order to promote their successful reintegration into future school, work and/or community endeavors. The program supports and encourages each student to earn a diploma from their local high school or to return to their local districts to complete their education. TEC serves students between 13 and 21 who have not completed high school. Accepts students placed by a Dept. of Children and Families agency or the courts. Accepts students referred by local school districts.

Project TEACH (Teen Education and Child Health) is an alternative, year-round education program for pregnant or parenting teens. Project TEACH serves students at risk of school failure.

The mission of the Project TEACH program is to provide a comprehensive educational program which provides pregnant and parenting adolescents with the skills needed to create a positive life for themselves and their children. The program strives to make sure that each student will receive a diploma from her local high school or return to their local school districts to complete their education. In any event, students do not leave the program until a support system is in place for them at home or in the community. Project TEACH serves students between 13 and 21 who have not completed high school. Accepts students referred by local school districts and placed by a Dept. of Children and Families agency or the court. Limits class size to no more than 12 girls at any one time. Provides specialized case management services to support pre and post natal linkages to community resources and transitional support. The Project TEACH licensed child care center provides on site care for infants 6 weeks to 2½ years of age.

Office of the Attorney General

The Asbury Park Community Development Initiative

The OAG provides up to \$40,000 per community for facilitation. For more information, please reach out to gharanis@janussolutions.com

In 2011, Asbury Park became the 5th New Jersey city the Attorney General's office selected to form a community initiative to prevent juvenile crime and promote positive outcomes for youth. Currently co-chaired by Asbury Park Mayor John Moor and Monmouth County Assistant Prosecutor Tom Huth, the Asbury Park Community Development Initiative (APCDI) has representatives from Community Based Organizations, Government Agencies, Faith Based Groups, Law Enforcement, Education, and interested community members. The Initiative provides Asbury Park with a comprehensive, city wide coalition that enables all of these participating groups to communicate and coordinate with each other under the leadership of the Mayor and the Prosecutor's Office.

The APCDI is an action oriented coalition that focused its initial attention on findings ways to expand youth employment opportunities, providing mentors for at risk youth in the city and establishing a Police Chaplaincy program which places voluntary clergy on 24 hour call to respond to offer non-sectarian assistance when juveniles are arrested for minor offenses. The APCDI partnered with the Asbury Park Community Action Network to host a Super, Safe Summer in Asbury event in 2014, and is planning a similar event for May 21, 2016.

Current Work Groups

During 2015, the Mentoring Youth Workgroup expanded to become the Out-of-School Time Work Group, and began to focus on the challenges of providing quality out-of-school supports to all Asbury Park youth in K-8. At the end of

2015, members of this group joined with members of the school district to form a workgroup that helped to develop a “Beat the Streets” program at the Asbury Park Middle School. This program combines wrestling, tutoring, and mentoring for youth. The city has agreed to pick up the program upon the end of wrestling season later in the spring.

Another work group that has formed is the planning group for the Super Safe Summer Asbury Park 2016. The goal of this event is to provide information for city residents about programs and service available for youth during the summer, and to provide residents with an opportunity to interact positively with police, firefighters, and elected representatives in a fun, helpful way. The event is being planned for May 21, 2016.

The Police Chaplaincy Initiative continues to bring together clergy for a variety of existing and new initiatives. This is done in conjunction with the Asbury Park CAN which has at its core a faith-based membership. Healing Communities is the newest initiative to develop out of the APCDI faith-led efforts and a Work Group has been formed to initiate its efforts. Pastors have completed training; the next immediate action will be the hosting of a city ‘celebration’ at the host churches to welcome returning residents back to the community. The Work Group will concentrate on building a network of organizations to develop the resources to embrace and support the men and women returning to the Asbury Park community. CAN, with the involvement and support of the CDI, recently hosted the first of a two part expungement event, which was attended by about 200 people. Residents who attended this initial session learned about which offense, and within which time limits, offenses could be removed from an individual’s criminal record.

The Monmouth/Ocean Day Program provides both the Monmouth County and the Ocean County court systems with an alternative sentencing option to JJC residential or secure placement for court involved youth. The program accepts both males and females between the ages of 14 to 18. Juveniles must be either Monmouth County or Ocean County residents who have been sentenced to a term of probation or are currently on Juvenile Parole. The average length of stay ranges from four to six months. The goal of the Day Program is to provide educational, pre-vocational and counseling services to juveniles while allowing them to remain in their communities. Services are supplemented by educational trips, recreational opportunities, anger management classes, as well as health and family life instruction. Youth also have access to the Phoenix Anti-Gang curriculum along with Substance Abuse Awareness Workshops. The program operates Monday through Friday. The participants arrive at 8:30 a.m. and leave the facility by 5:00 p.m. Breakfast and lunch is provided daily. Pre-vocational training is offered under the guidance of professional instructors. Training includes woodshop, culinary arts, building trades, landscaping, and painting. Basic work skills are emphasized including safety, courtesy, punctuality, and dependability.

Essex Residential Community Home serves up to 25 male juveniles from age 16 to 18. In addition to receiving academic instruction, the students are taught carpentry, plumbing, masonry and landscaping by qualified teachers. As part of their vocational instruction, students assist staff cooks in the daily preparation of all meals and learn fundamental culinary and food service skills. The vocational program provides students with marketable skills and training that help them obtain jobs upon their release. The residents participate in various maintenance projects at the facility including painting, cleaning, buffing floors, stocking supplies and routine upkeep. Essex RCH actively assists the community by helping to maintain the Community Park on Central Avenue and cleaning local streets and vacant lots through the Fifth Street Block Association. Essex Residential also has a relationship with the Newark Pre-School Council. Through the relationship, juveniles provide building maintenance and grounds keeping at various locations throughout Essex County. In addition to its residential component, Essex Transitional utilizes up to 10 beds to service parolees and probationers returning to Essex County from both JJC secure-care and community-based facilities. Residents take part in various programs that prepare them for their return to their community.

The New Jersey Training School (NJTS) is the Juvenile Justice Commission's largest facility currently housing approximately 300 male juveniles. It was opened in 1867 as a home for troubled youth. Today, NJTS is a secure facility with a state of the art perimeter fence and 24-hour armed roving patrol. Residents range in age from 12 to 23 years of age with the vast majority of Residents being 16 to 18 years old. The primary focus of NJTS is to provide care, treatment and custody for juveniles committed by the courts and to create programs that will rehabilitate young offenders. NJTS campus includes seven cottages that serve as housing units, a full-service school, a vocational building, recreation facilities, a medical facility and administrative offices. The Training School offers several unique vocational opportunities including an optical lab program which teaches juveniles to craft eyeglasses. NJTS supplies eyeglasses to all juvenile and adult residents in the state. Through this program, several youth have received jobs with optical employers after their release. Another program teaches juveniles to care for small farm animals. NJTS offers vocational programs in upholstery, horticulture, welding, graphic arts, auto body, auto mechanics, building trades, machine shop, small engine repair, and radio and television communications.

Core program components include on-site mental health counseling, education, social services, and primary medical care. Residents also receive individual and group counseling, as well as anger management and substance abuse. The Juvenile Medium Security Facility – North Compound also contains many educational amenities. It functions as the primary educational and vocational area for the male residents on the Johnstone Campus. The Juvenile Medium Security Facility – South Compound is separated into six pods, each accommodating up to 24 juveniles. The facility offers a full educational curriculum, recreation, and medical services. Residents at this facility also have access to the educational services that are offered in the North Compound.

The regional grant is \$200k 1st year, \$160 2nd year, and \$120 3rd year.

Recidivism is a concern for youth leaving JJC facilities. YAP plans to offer interventions that begin during custody and continue through discharge and reintegration for 30 youth who are returning to their community from JJC facilities at any given time, for a total of 60 youth annually. Youth will receive at least 10 hours of service per week. YAP staff recognizes that family-based issues left unattended will threaten the juvenile's successful reentry. YAP will provide family strengthening services including case assessment and wraparound advocacy;

employment training and supported work opportunities; educational/vocational support; and independent employment opportunities.

Two (2) Case Managers will be hired to provide and coordinate services for youth returning to Southern Region counties. The Case Managers will work closely with YAP's current Program Directors in each of the counties to identify, contact and develop referral relationships with the services and supports in their county that can address each youth's needs. The regional Case Managers and the county Program Directors will each work with the youth to provide services utilizing the YAP Wraparound Advocacy model of service with the evidence-based PATTS classes. Youth will also participate in work readiness training using the Casey Life Skills program and each Case Manager will work with the Program Director's current local employment partners and the One Stop Career Centers to place youth into jobs, training or internships based on their interests and readiness.
