

Ronald McDonald House

Ronald Mc Donald House

Monmouth County Master Gardeners assisted with creating a garden at Ronald McDonald House in Long Branch. The garden was financed by Barbara Berlanti's friends for a 60th birthday gift-- to be enjoyed by the residents of the House. Jean Snoddy Green was the mastermind of the project and is a great sport and a really fine person who dug right in along with the Master Gardeners.

Master Gardeners continue to support Ronald McDonald House.
