Why Recycle?

Municipalities in Monmouth County generate tons of garbage each year. Most of it is transported to the landfill in Tinton Falls, where it will stay forever. Special steps are taken to make sure that odor, pests and generated gases are controlled and that fluid run-off does not pollute our groundwater.

Currently, only about 52% of the garbage in Monmouth County is recycled. Recyclable items do NOT go to the landfill, which saves money and protects the environment. Recycled items can also be made into new products.

LEFT: All the garbage in Monmouth County is brought to the Reclamation Center in Tinton Falls where it is compacted then placed in the landfill. RIGHT: Recycling facility

If you live in Monmouth County, the following items must be recycled ***(they are banned from the landfill)***.

SEE CHART (PP. 6-9) FOR INSTRUCTIONS ON WHERE TO RECYCLE.

Mandated Recyclables & Sorting

Glass Bottles & Jars

Food and beverage bottles and jars are acceptable.

- **DO NOT INCLUDE:** ceramics, dishes, glassware, lightbulbs, windows
- **DO NOT INCLUDE:** caps or lids

Metal Cans

Aluminum cans, Tin cans and Bi-metal cans (*tin cans with aluminum lids*) are all accepted. Please rinse. Non-hazardous aerosol cans are also accepted. Empty please.

- **DO NOT INCLUDE:** aluminum foil, plates, trays or cookware or any metal scrap
- **LABELS ARE OK**

PLASTIC CONTAINERS

Sorting plastic helps produce high-quality recycled products. Manufacturers print a standard code (#1-7) on the bottom of every container. ONLY recycle Types #1 and 2 with a "pourable' neck smaller than the body. No. 1 Polyethylene Teraphthalate PET, PETE Soft drink, water, soda bottles or No. 2 High Density Polyethylene HDPE Detergent bottles

- **DO NOT INCLUDE:** plastic bags, margarine tubs, diaper wipes containers, yogurt cups, clear salad containers, food storage containers

LEAVES & GRASS CLIPPINGS

Most towns collect unbagged leaves in the fall and spring. Grass clippings can be left on the lawn, added to compost or brought to drop off at County Reclamation Center *(landfill)* for a fee.

- **DO NOT THROW LEAVES OR GRASS IN THE TRASH**

Mandated Recyclables & Sorting

PAPER

Such as cardboard shipping boxes (*waffle section between layers*), flattened; Mixed Paper including: chipboard (*cereal boxes*), white/color paper, junk mail, magazines, softcover books, wrapping paper/non-metallic and Newspapers including inserts are all accepted.

- **DO NOT INCLUDE:** grease/food stained cardboard (*pizza boxes*) or waxed cardboard.
- **DO NOT INCLUDE:** food wrappers, paper plates and cups, napkins, paper towels or items from food/hygiene use
- **DO NOT INCLUDE:** newspaper used for pet waste or household projects.

CAR BATTERIES & MOTOR OIL

Many towns accept these for drop-off, see pp. 10-13. Both are also accepted at Monmouth County's Household Hazardous Waste (HHW) Facility, see p. 14.

HOUSEHOLD BATTERIES

Silver "button" batteries and rechargeable batteries/battery packs (*like those found with power tools, laptops, etc.)* can be brought to the Monmouth County Hazardous Household Waste facility (HHW), see p. 14 or a retail store drop-off, visit www.call2recycle.org for a location near you. A few towns also accept button batteries for drop-off, see pp 10-13.

Regular household A, AA, AAA, C, D, and 9-volt batteries can be thrown in the trash.

"BULK" RECYCLABLES

Most towns have special pick-ups for certain bulky recyclables once or twice a year. You may also drop them off at your town facility, if they accept these items, see pp 10-13. If your town does not accept these items, you must drop them off at a Private Bulk Waste Recycling Facility (for a fee, see p. 15).

- **ASPHALT, BRICK, CONCRETE**
- **METAL SCRAP (SMALL METAL APPLIANCES, WINDOW FRAMES, ETC)**
- **TREE PARTS; STUMPS AND LIMBS >3" THICK (DIAMETER)**
- **COMPUTERS & TVS (ELECTRONICS)**

Do Not Recycle; Put in Regular Trash

Drinking Glasses, Dishware, Windows , Etc

Non-recyclable glass looks different because it's made from different ingredients and has different melting point. If a ceramic mug is put into a furnace with recyclable glass bottles, for instance, it will melt more slowly causing defects in the process.

Non-Recyclable Plastic Containers, #3 - #7 Margarine Tubs, Diaper Wipes, Take-Out Plastics, Bottle Caps And Straws, Etc

No. 3 Polyvinyl Chloride PVC, V (*Example: Very hard plastic what salad bar containers are made of)*

No. 4 Low Density Polyethylene LDPE (*Example: Fresh produce bags, also used in dry cleaning)*

No. 5 Polypropylene PP (*Example: Bottle caps, drinking straws, yogurt cups)*

No. 6 Polystyrene (*Example: Styrofoam)*

No. 7 Other Ex: Polycarbonate baby bottles.

Non-Recyclable Plastic Containers #1 - #2 Plastic Tupperware, With Wrong Size Neck, Plastic Containers

Some plastic containers, even if they have #1 or #2, are made from a different process, and CANNOT be recycled at this time. If the neck is the same size as the body, throw them in the regular trash, *(along with caps, which are made from yet another, harder plastic to withstand twisting/turning).*

Plastic Bags

These clog machines at the processing plants. Return to store if possible

Aluminum Foil, Plates, Trays Or Cookware

Food Stained Pizza Boxes And Waxed Cardboard

Food Wrappers, Paper Plates And Cups, Napkins, Paper Towels

OTHER items you can recycle

These companies/organizations may accept the following items to be converted for another use, refurbished or donated. Call ahead. This list is provided for information purposes only. The County does not endorse any company or organization.

CDs, DVDs, VHS Tapes

MONMOUTH WIRE AND COMPUTER RECYCLING, 3250 Shafto Rd., Tinton Falls, NJ 732-922-3320.

Or, visit http://www.recyclingforfree.com for an address to send them away to be melted. The service is free but you pay for postage.

Clothing & Shoes

DROP BOXES can be found in parking lots of local grocery stores. See pp 10-13. Sneakers/athletic shoes with synthetic or rubber soles can also be reused.

VISIT NIKE REUSE-A-SHOE
http://www.nike.com/us/en_us/c/better-world/reuse-a-shoe
to find a local drop-off site.

Eyeglasses

COLLECTION BOXES can be found in some local stores, such as Walmart Vision Centers.

Fishing Line

BAHRS LANDING MARINA, Highlands
LEONARDO STATE MARINA, Middletown have collection bins.

Hearing Aids

STARKEY HEARING FOUNDATION
(http://www.sotheworldmayhear.com) recycles any make or model of hearing aid, no matter how old. LION'S CLUB also accepts hearing aids.

Shrink Wrap

MCC SERVICES, Cranbury NJ, 732-605-0002
MR. SHRINK WRAP OF NJ 856-858-6610

Furniture/Usable Household Goods—Pick Up Service

Charitable organizations make regular pick-ups from homes in Monmouth County. Call to make arrangements; they reserve the right to reject items in poor condition.

SWTR Newark, NJ 973-565-0181
FREEHOLD CARTAGE Rt. 33 Freehold, NJ 732-462-1001

Residents Only: Drop off up to 8 Tires, max. 18" without rims at the Monmouth County Reclamation Center, Tinton Falls, see p. 18.

Disposing of Hazardous Items

Many of the following hazardous items are also banned from the Monmouth County landfill. Because they can be dangerous, they may require disposal at a special facility.

See chart (page 7) for where to dispose of hazardous items.

Ammunition, Fireworks, Gunpowder, Boat Flares *(Shotgun type)*

Call your local Police Dept.

Appliances with Freon

(Refrigerators, Air Conditioners, Humidifiers)

Check Municipal Drop-Off Locations on pp. 10-13 to see if your town accepts OR call a Private Scrap Metal Facility p. 15. *If you are purchasing a new freon containing appliance, make sure the company hauls away your old model when delivering the new one.*

Visit: http://www. NJCleanEnergy.com for refrigerator disposal. Rebates are offered.

Asbestos *(Shingles, Siding)*

Follow proper handling and transport procedures. Breaking/crushing asbestos releases dangerous fibers into the air. Kept intact, it is less harmful. Call the Monmouth County Health Department Solid Waste Enforcement Team (SWET) 732-683-8686 Ext. 5650 for handling instructions.

Dispose of at a private Bulk Waste Material Facility, see p. 15.

Hazardous Chemicals

Many types are accepted at the Monmouth County Hazardous Household Waste facility (HHW), see p. 7.

Medical waste *(sharps)*

Place in a laundry detergent bottle, throw in the regular trash. You may also wish to contact:
XMED DISPOSAL, INC 866-735-9709

Oxygen Tanks

Welco/Praxair 1240 Rt. 33 Farmingdale

The tanks should be in fair/good condition (*no holes -otherwise they become scrap metal).* Any markings on container must be legible. They will accept with or without gas. They will accept with or without valve

Propane Tanks

Many types accepted (valve attached) at the Monmouth County Household Hazardous Waste (HHW) facility, p. 14 ; OR, call a Private Scrap Metal Facility, p. 15.

Smoke Detectors

Smoke detectors contain radioactive elements, please contact your manufacturer for their recycling policy.

FIREX 800-445-8299 FIRST ALERT 800-323-9005
KIDDIE 800-880-6788

Lightbulbs-CFLs

Most household lightbulbs are now CFLs or Compact Fluorescent Lamps/Lights that contain a small amount of mercury in the curlicue tube. Fluorescent tube bulbs (overhead lighting) also contain mercury. If you've ever dropped one you will recognize the 'pop' and puff of vapor that results. That puff of vapor contains mercury, which is a toxin and environmental contaminant. Because most of the mercury can be recovered if the bulb is intact, recycling is the responsible way to dispose of burned-out CFLs (and tube fluorescent bulbs). Bring them to the return counter at your local Lowes or Home Depot. Fluorescent bulbs from residents can be disposed at the Monmouth County Hazardous Household Waste facility (HHW), see p. 8.

If You Break a CFL Bulb

1. Open a window and leave the room for at least 15 minutes so vapors can disperse.

2. Wear disposable rubber gloves, carefully scoop up fragments and powder with stiff paper or cardboard. Then wipe the area clean with a damp paper towel or disposable wet wipe. Use sticky tape to pick up small pieces and powder. (Do NOT use a vacuum cleaner for the initial cleanup; that will disperse any remaining mercury vapor in the air and leave particles in the bag.)

3. Place all cleanup materials and gloves in a plastic bag and seal it in two plastic bags and put it in the outside trash. Wash your hands.

4. The first time you vacuum the area where the bulb was broken, remove the vacuum bag when you're done cleaning (or empty and wipe the canister). Put the bag and/or vacuum debris, as well as the cleaning materials, in two sealed plastic bags and put in the outdoor trash for normal disposal.

How & Where to Recycle

RESIDENTS ONLY

***Costs range from $0-35 per unit. Several municipalities also accept these items, see pp. 10-13**
Costs range from $0-10. Tanks purchased prior to 1998 DO NOT have overfill valves and must be recycled. Many retailers (gas stations, home improvement centers, etc.) offer credit up to $20 when you trade in an old tank.

Composting IS Recycling

Composting is when you separate out your kitchen vegetables and yard waste at home, and place it into a special pile so that it that breaks down into a natural, soil-like product that can be used as fertilizer.

ABOVE; LEFT and RIGHT: Two styles of composting bins.

STEP 1: *Choose The Right Materials*

- Vegetable & Fruit Scraps
- Tea Bags
- Coffee Grounds & Filters
- Egg shells
- Peanut and Nut Shells
- Sawdust
- Dust/Lint
- Nail Clippings
- Human Hair
- Hay/Straw
- Feathers
- Paper
- Weeds*
- Fabrics *(cotton, silk)*
- Bark
- Wood Ashes
- Corn Cobs
- Horse/Chicken/Cow Manure
- Leaves *(save in fall for spring!)*
- Garden Clippings
- Stalks and Stems
- Vines
- Grass.

* No aggressive weeds or weeds gone to seed

Do NOT Compost: Meat/Poultry/Fish • Fats/Oils • Bones • Dairy Products • Plastics or Synthetic Fibers • Pet Waste (meat eating pets)
IN GENERAL, NO ANIMAL PRODUCTS OR DAIRY

STEP 2: *Select and Prepare a Site -*

Choose a place in your yard that is convenient *(sunny or shady will do)* and fashion some type of area or enclosure or your pile.

- Assemble wooden stakes and/or chicken wire into a simple round enclosure.
- Construct a wooden compost bin*(use old lumber, if you have any)*
- Build a 3-sided enclosure with cinder blocks. Leave the front open.
- Purchase a ready-made bin from a home center or garden supplier.
- Or you can opt for no enclosure; just pile the materials up, keeping them in a fairly dense heap.

STEP 3: *Add Your Compost Materials*

- Layer dry *(leaves),* and moist *(grass, kitchen scraps)* in a 1:1 ratio.
- Add enough water to keep the compost heap moist, but not soggy.
- Provide adequate ventilation. To increase air circulation, turn the compost with a pitchfork at least once a month *(helpful but not absolutely necessary*). You can also push rods or poles through the heap and then remove them, leaving channels through which air can pass, or insert hollow, perforated poles.
- As the compost materials decompose, they create heat. This is natural, and when the pile is turned, you will be able to feel the heat.
- If your compost pile is properly prepared, contains no animal fats and is turned regularly, it will not attract pests or create odors.

STEP 4: *Check Whether the Compost is Ready*

- Decomposition will occur in as little as 6 weeks, depending on the materials in the pile, the size of the pile and how often it is turned. A "lazy" composter will still get compost—it will just take longer (10-18 months). The compost is ready for use when it is dark brown, and when the materials have broken down into small or fine particles.

STEP 5: *Use the Compost*

- Sift through the compost and set aside the decomposed materials, returning the rest to the pile. Apply the decomposed matter to your garden in a layer about 1 to 3 inches thick. As you apply the compost, turn and mix it with the soil. It is best to apply no more than one pound of compost per square foot of soil.

COUNTY COMPOSTING DEMONSTRATION SITE: *Deep Cut Gardens, Middletown*

Free composting workshops offered each fall and spring. Or, view instructions, sample composting elements and the beautiful gardens, anytime. 732-671-6050

Left: Composting display at Deep Cut Gardens, Middletown. Right: "The Earth Machine" recommended by Monmouth County for home gardening composting.

RECYCLING PROGRAMS IN YOUR TOWN

- Tired of Litter in Your Town? Monmouth County Clean Communities will supply your clean-up team with: bags, safety vests, and litter sticks. We will also haul away your collected garbage and pay for its disposal. All you have to do is provide the volunteers. 732-683-8686 x7539
- Recycling Presentations in Your School. Presented by staff from the Recycling Office. Topics include: recycling, composting, careers in the environment. 732-683-8686 x6721

Monmouth County Reclamation Center

6000 Asbury Avenue, Tinton Falls, NJ
Telephone: 732-683-8686

HOURS OF OPERATION

Monday-Friday: 7 am-3:30 pm
Saturday: 7 am-2 pm

Closed on Sundays, New Years Day, Thanksgiving, Christmas Day

Closes at Noon on Memorial Day, Independence Day, and Labor Day

TARIFF SCHEDULE AND REGULATIONS

Effective July 1st, 2015
Solid waste is not accepted from out-of-county routes.

- Tarps are required for all open loads *(enforced by police).*
- Asbestos accepted by appointment only *(Wednesdays & Saturdays).*
- Tires may not be mixed with other materials *(added Surcharge).*
- All vehicles charged on actual tonnage or part thereof.

DUMPING PERMITS

Are not required for any car or truck with a gross vehicle registered weight (GVRW) of 9,000 pounds or less, or 16,000 pounds combined maximum GVRW for a vehicle pulling a trailer, which is dumping personal waste.

All others, including vehicles less than 9,000 pounds that are hauling others' waste must secure a State DEP permit before dumping.
THE LANDFILL CANNOT SELL YOU THIS NJ STATE PERMIT!

Applications for "self-generators" are available from the County Solid Waste Enforcement Office at the Reclamation Center (732-683-8686 x5658).

State Police Investigation (A-901) is required for those collecting/disposing of others' waste (additional fees and waiting period involved).

General hauler registration questions may be directed to the NJDEP (609-341-5475).

Waste Disposal Categories	TIPPING FEE	TAXES	TOTAL CHARGE
Municipal and Household waste *(#10)*	$65.25	$10.00	$75.25/ton

Animal & Industrial Waste *(#25), (#27)*	$98.25	$10.00	$108.25/ton
Contaminated Soil *(TESTING REQUIRED) (#27)*	$98.25	$10.00	$108.25/ton
Asbestos *(bagged & labeled) (#27)*	$163.75	$10.00	$173.75/ton
plus $.75/ bag handling charge)			
Tires & Cables *(#13)*	$232.75	$10.00	$242.75

Monmouth County Reclamation Center

STATE TAXES

Collected at the landfill include:
Landfill Contingency Tax ($.50/ton),
Closure Escrow Tax ($1.00/ton),
NJ Recycling Tax ($3.00/ton)
Host Community Fee $5.50, paid to Tinton Falls.

GRASS CLIPPINGS

Are accepted separate from other wastes
$3.00 per car or
$35.75 per ton car or truck
Station Wagons, Minivans, and SUV-type vehicles qualify for the car rate only when all grass is behind the rear most seat.

CASH PAYMENTS

Are accepted only from cars or small trucks dumping personal waste. Commercial customers must establish a pre-paid account with the Reclamation Center (call MCRC Scale House @ 732-683-8686 x5600)
Mail Address:
6000 Asbury Avenue,
Tinton Falls, NJ 07753
attention MCRC Payments

Government customers may contact the
Finance Department 732-431-7391 x7454
Hall of Records,
1 East Main Street
Freehold, NJ
Delinquent accounts may not dump.

PROHIBITED RECYCLABLES

- Newspaper
- Glass/Aluminum/Tin,
- Plastic Food & Beverage Containers
- Leaves & Grass Clippings
- Clean Mixed paper
- Corrugated Cardboard
- Car Parts
- Batteries
- Appliances
- Concrete*
- Asphalt* *(except shingles)*
- Tree Stumps*
- Large tree parts* *(over 3" diameter)*

Car loads may include small amounts of these last four bulky items.

The landfill does not accept any liquids or hazardous wastes.
Since January 1, 2011 Computers and Televisions are no longer accepted for disposal, pursuant to the NJ Electronic Waste Management Act.

HOUSEHOLD CHEMICALS

Residents needing to dispose of oil paints or chemicals can dispose of these household hazardous wastes at the County Household Hazardous Waste (HHW) Facility. No appointments needed.
Latex paint is not a Household Hazardous waste (dry/dispose with regular trash).
Call 732-683-8686 (press 1)
No charge to qualified participants.

Hours of Operation:
Closed Mondays
Tuesday & Wednesday: 11 a.m. - 4 p.m.
Thursday 11 a.m. - 5 p.m.
Friday: 11 a.m. - 7 p.m.
Saturday: 8 a.m.-4 p.m.
