The Monmouth County Fire Academy will be offering

Calling the Mayday

This 8-hour Lecture / Hands-on course taught by MCFA Instructor Jim Ogle (FDNY) and the MCFA training staff will address not only the guidelines of how to call a Mayday, but more importantly, when to call the Mayday. The course is designed to raise awareness and prepare firefighters to react properly when faced with a life-threatening situation on the emergency ground and take actions to both protect and save themselves. Each student will have the opportunity to work through simulated Mayday situations during the hands on evolutions in our Mayday survival course.
