

The **National Center for Biomedical Research and Training (NCBRT)** at **Louisiana State University** invites you to join us for a unique training opportunity. The NCBRT is offering the following Department of Homeland Security (DHS) certified course:

# Critical Decision Making for Complex Coordinated Attacks

## PER-335

This course provides first responders from multiple disciplines with skills to manage the initial response to a large-scale attack in a chaotic environment during a complex coordinated attack (CCA). It aims to train responders in how to use intuitive skills such as observation, analysis, anticipation, and awareness to recognize the possibility of an attack involving multiple incidents of an extreme magnitude that inundate resources, exceed conventional tactics and strategies, and often require a joint response involving members from multiple disciplines and jurisdictions. Topics for discussion include recognizing the characteristics of a potential CCA; coordinating and integrating the response of multiple disciplines and agencies; managing resources; using information sharing and intelligence gathering to develop awareness; and solving problems using creative thinking. Participants will learn to gather and disseminate critical information accordingly in order to facilitate rapid analysis.

They will also learn to recognize and prevent potential response obstacles or risks to safety including self-deployment and over convergence of assets. Participants will apply the skills learned in Critical Decision Making for Complex Coordinated Attacks through interactive activities, facilitated discussion, and practical application in a training environment.

**Professional Disciplines:** Law Enforcement, Fire Service, EMS

The **primary** target audience for the **Direct Delivery** version of this course includes:

- Emergency responders: police, fire, and emergency medical services personnel, including those who are likely to assume command at some point during response to a complex coordinated attack.

**Date:**

**Location:**

**How to Register:**

All participants are required to have a **FEMA SID** prior to enrolling in this training. Please visit [cdp.dhs.gov/femasid](http://cdp.dhs.gov/femasid) to register for a **FEMA SID**.
