2018 – The Year in Review

When your business is serving the public outdoors, a certain kind of resilience is needed—especially concerning the weather. This capability was put to the test in 2018 as the Park System maintained its usual operations while facing some truly unusual cold and rain.

The year started with a polar vortex and bomb cyclone in January that brought painfully cold temperatures for days on end along with a destructive nor’easter-style snowstorm. After a brief thaw—in February of all months—there were four back to back snowstorms in March. Spring was late, summer was wet, and fall will be remembered for its never-ending rainstorms that included multiple deluges where rainfall topped four inches in a single day. In fact, 2018 was New Jersey’s wettest year on record, with 64.3 average inches of precipitation (the normal average is 46 inches). Monmouth County in particular had the largest increase in precipitation above the average of all 21 counties.

All this precipitation slowed construction projects, tested the capacity of park drainage systems and gutters, soaked our trails and fields, and prevented people from enjoying the beaches and golf courses. Yet through it all, the parks remained open and programs and special events continued. Some outdoor classes were rescheduled of course, or brought inside, but race participants competed in the rain, park visitors got wet, and golf staff took extraordinary efforts to dry out and restore the greens. Ultimately, the wet weather did have an effect on year-end outcomes like attendance and revenue—down 6% and 8%, respectively. Conversely, it was a banner year for park accomplishments. Dozens of improvement projects were completed and new facilities opened in 2018. These are highlighted on the pages that follow, along with the annual review.

We hope you will make time in the coming year to visit and see what’s new in your county parks, rain or shine.
New Facilities & Features

• Battery Lewis restoration with inside exhibits in the newly designated Navesink Military Reservation at Hartshorne Woods Park

• Benches at Fisherman’s Cove Conservation Area

• Bird blind to view wildlife at the Claypit Pit Creek section of Hartshorne Woods Park

• Bike repair stations at Dorbrook Recreation Area, Manasquan Reservoir, Thompson Park (pictured), and the Rocky Point Section of Hartshorne Woods Park

• Cross-country trail (seasonal) at Big Brook Park (pictured)

• Dock repairs at Big Brook Park

• Holmes Hendrickson House transferred to Holmdel Park from Monmouth Historical Association

• Kayak rack at Manasquan Reservoir Visitor Center

• Parking lot expansion (39 to 62 spots) and ADA walkways at Deep Cut Gardens

• Pool renovations at Big Brook Park

• Restroom building, plaza, and parking lot expansion (48 to 97 spots) at Hartshorne Woods Park (pictured)

• Wayside site information panels at Tatum Park Holland Activity Center and Seven Presidents Oceanfront Park

Maintenance & Improvement Projects

• Barn roof wood shingles replaced at Longstreet Farm

• Carpenter shop improvements at Thompson Park

• Cart path repairs at Charleston Springs Golf Course (10 miles)

• Demolition of old buildings on park land

• Exterior painting of Thompson Park Visitor Center

• Sensory Trail improvements at Sunnyside Equestrian Center

• Storage shed at Big Brook Park

Although it’s not a pretty plant, our staff maintain patches of milkweed throughout the parks and golf courses to help the local monarch butterfly population.
Environmental Projects

- Culverts/drainage pipes repaired at Holmdel Park
- Living snow fence at Dorbrook Recreation Area
- Annual tree, shrub and herbaceous plantings around the parks (pictured Dorbrook Recreation Area)
- Stream bank restabilized at Thompson Park’s Marlu Lake
- Treatment of Southern Pine Beetle infestation at Turkey Swamp Park; involved removing three acres, or 400-500 affected pitch pine trees (pictured)

Outside Projects Affecting the Parks

- As part of the Port Monmouth Hurricane and Storm Damage Risk Reduction Project, the US Army Corp of Engineers is working on two high-profile flood protection projects near the county parks: a half-mile (2,661 linear ft.) floodwall with a road closure gate between Bayshore Waterfront Park and the Monmouth Cove Marina; and a new levee, tide gate and pump station along Pew’s Creek behind the marina.
- Monmouth County rebuilt the bridge on Schoolhouse Rd. overlooking the water near the entrance to Shark River Park.

Park System Accolades 2018

- The Battery Lewis Restoration at the newly designated Navesink Military Reservation Historic District (NMR, formerly Rocky Point) at Hartshorne Woods Park received a 2018 Historic Preservation Award from the NJ Department of Environmental Protection. (pictured)
- Sunnyside Equestrian Center staff and volunteers were recognized by the TODAY Show for National Volunteer Week. The show aired interviews with volunteers, riders and staff and gifted the site with 10 rider scholarships, some new equipment including much-needed “petite” saddles, and a new feature for the Sensory Trail.
- The Monmouth County Park System and 4-H, Fair co-sponsors, were recognized by a legislative bill from members of the NJ State Assembly 11th district for a meritorious record of service in producing the Monmouth County Fair.
- Therapeutic Recreation staff were honored by the NJ Recreation and Park Association (NJRPA) with the Jackie Stanley Excellence in Recreation Programming Award for their 2018 “Night Out” Programs, providing social opportunities for adults with special needs (received, February 2019).

**TOTAL ACRES OWNED AND/OR MANAGED BY THE PARK SYSTEM 17,284**
A total of 138 additional acres were added to nine park properties in 2018. Highlights include a large new parcel at the Ramanessin section of Holmdel Park (pictured, right) and continued growth at two of our newest parks, Freneau Woods and Swimming River. The Park System now owns/manages 17,284 acres at 43 parks and golf courses across Monmouth County.

Monmouth County Park System 2018 PROPERTY MAP

* 83 acres of the HHT are owned by the county and leased to the Park System; another 103 acres are under 20 year lease from NJ Transit.
** 1,052 acres at the Manasquan Reservoir are owned by the NJ Water Supply Authority and leased to the Park System for perpetual use.
† 64 acres of UTT are under permanent easement from JCP&L as a right-of-way.
Special People United to Ride (SPUR) is a non-profit organization that supports therapeutic horseback riding and equestrian programs at Sunnyside Equestrian Center. In 2018, participation continued to grow with 68 new SPUR students and 66 new volunteers. The Equine Facilitated Learning and Horses for Heroes programs enjoy continued success, and in April, Sunnyside staff and volunteers received national recognition when they were featured on the NBC Today Show for National Volunteer Week.

Monmouth Conservation Foundation (MCF), now celebrating its 42nd year, is dedicated to saving open space, creating parks, preserving farmland, protecting wildlife, teaching environmental sustainability and safeguarding waterways throughout Monmouth County. MCF has directly preserved more than 6,500 acres of open space and farmland and is one of nearly 420 accredited land trusts out of 1,700 nationwide. Jointly, MCF and Monmouth County are working to restore the future home of Swimming River Park (formerly Chris’ Marina and Deli) in Middletown and transform it into a beautiful park with riverfront access for all to enjoy.

www.monmouthconservation.org

In 2018, 1,266 dedicated volunteers of all ages contributed 25,425 hours of service in 1,970 positions across the parks. In addition to the extensive time spent maintaining park trails and gardens and cleaning our beaches, park volunteers spend thousands of hours staffing programs, camps and special events each year. Here are the groups who worked with us in 2018, along with the individuals who gave >40+ hours and >100+ hours (bold) in 2018.
